

Concord Dog Parks to Close for Annual Maintenance

Concord, Calif. (Jan. 24, 2020) – The City of Concord’s two dog parks are scheduled to be closed for annual turf renovation and general maintenance.

Newhall Park Paw Patch dog park will be closed from Wednesday, February 5 through Thursday, March 26, 2020.

The City’s Baldwin dog park will be closed beginning on Wednesday, March 25 and will reopen on Wednesday, May 13, 2020.

Renovations will include aeration, re-seeding, adding organic mulch, and allowing time for the natural turf grass to grow and fill in the worn areas.

The Paw Patch and Baldwin dog parks are consistently some of Concord’s most popular amenities available for local canines and their owners. Consistent turf renovations will keep the facilities attractive and safe.

Signs have been posted at the two facilities to ensure the community is aware of the planned maintenance. The City will also update its “Rain Information” hotline at 925-671-3479 in the event of any future changes.
