INDEPENDENT AUDITORS' REPORT

Honorable Members of the City Council
of the City of Concord
Concord, California

Report on the Financial Statements

We have audited the accompanying balance sheets and statements of revenues, expenditures and changes in fund balance of the City of Concord Transportation Development Act Program (Program), a program of the City of Concord, California (the City), as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the City of Concord Transportation Development Act Program, as of June 30, 2015 and 2014, and the respective changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Transportation Development Act Program and do not purport to, and do not, present fairly the financial position of the City of Concord, California, as of June 30, 2015 and 2014, and the changes in its financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2015 on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Program's internal control over financial reporting and compliance.

**CITY OF CONCORD
TRANSPORTATION DEVELOPMENT ACT PROGRAM
(A Program of the City of Concord, California)
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2015 and 2014**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Concord operates various pedestrian and bicycle path planning and construction activities financed with Transportation Development Act (TDA), Article 3.0 grants approved by the Metropolitan Transportation Commission (MTC). The accompanying financial statements are for the Transportation Development Act Program only and are not intended to fairly present the financial position of the City or the results of its operations.

The following is a summary of significant accounting policies of the Program which conform to generally accepted accounting principles in the United States of America as applicable to governments.

A. Project Descriptions and Locations

During fiscal year 2015 the City had two Transportation Development Act Projects.

The Citywide Bicycle Master Plan project creates a comprehensive plan to be used as a blueprint for expanding the bicycle network to promote safe alternative modes of transportation and help position the City for future funding for bicycle projects and roadway improvements benefiting the cycling community.

The Cowell Road Safety Enhancements project will install an actuated Rectangular Rapid Flashing Beacon (RRFB) system and curb extensions at an existing pedestrian crossing on Cowell Road at St. Francis Drive, a designated school crossing near Concord Community Park, home of the City's community pool. This improvement will enhance pedestrian safety at this location by increasing drivers' awareness of potential pedestrian conflicts with vehicles

B. Fund Accounting

The Projects are accounted for within the General Reimbursable Projects Fund of the City of Concord. The fund is a set of self-balancing accounts which comprise its assets, liabilities, fund equity, revenues and expenditures.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized. The Program is accounted for in a governmental fund type and the modified accrual basis of accounting is used. Under the modified accrual basis revenues are recognized when they become measurable and available. Expenditures are generally recognized when they are incurred.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS AND THE
TRANSPORTATION DEVELOPMENT ACT**

Members of the City Council
of the City of Concord
Concord, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the balance sheet and statement of revenues, expenditures and changes in fund balance of the Transportation Development Act Article 3.0 Program (the Program) of the City of Concord, California, (the City) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Program, and have issued our report thereon dated December 18, 2015. Our report includes an emphasis of a matter in relation to the the financial statements present only the Program and do not purport to, and do not, present fairly the financial position of the City.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the applicable provisions of Section 6666 of Title 21 of the California Code of Regulation, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or Section 6666 of Title 21 of the California Code of Regulation.

Purpose of the Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
