General Information about the City Council Committee Agenda Process

The City Manager oversees the preparation of an agenda for each meeting. A Council Committee agenda is published at least 72 hours prior to the meeting.

Reports to the Council Committee represent a detailed description of the item being considered and the action recommended by City staff, and often includes supporting attachments.

To view the action taken by the Council Committee on an item, see the "Annotated" Agenda.

Reports and any attachments linked within the Agenda are in Adobe Acrobat® format. You will need the free reader software to view them.
