

Come Join Us For A CERT Continuing Education Class

CERT Traffic and Crowd Management 2018

This is a Continuing Education class for CERT graduates from any city.

In this four-hour module, CERT members will learn Incident Command System (ICS), size-up, safety, and team communications, crowd psychology skills and lastly perform a live driving/directing exercise.

You Will Learn:

- 1) How CERT Basic Training skills relate to crowd and traffic management;
- 2) Effective communication strategies to direct traffic and crowds;
- 3) Crowd management skills and how to put together a basic crowd management plan; and,
- 4) Use of traffic control devices to safely manage traffic in various situations and how to put together a basic traffic management plan.

Bring: A jacket, a flashlight and a snack.

Training Date: Saturday, November 10 from 3:00pm to 7:30pm
